## Louisiana English Language Arts GEE Remediation

### Ten-Day Lesson Plan and Pacing Guide

*Notes for the classroom teacher:*

Classes are 2.5 hours per day for 10 days. Each lesson is 45 minutes, and each break is 10 minutes.

GEE Test Format/Emphasis:	17%	Writing the Composition
	13%	Using Information Resources
	58%	Reading and Responding
	12%	Proofreading

Students are given as much time as they need for the actual GEE test, but we recommend for the Diagnostic Test:

- Session 1 – 60 minutes;
- Session 2 – 30 minutes;
- Session 3 – 90 minutes;
- Session 4 – 15 minutes.

There is a lot of material to review in a very short period of time, so this plan is fast-paced and efficient by design.

To graduate, a student *must* pass Math *and* English, and also *must* pass *either* Science *or* Social Studies.

This guide is intended to serve the classroom teacher as a general guide for how to make the most of the time available and maximize the number of students who will pass the GEE. Each classroom teacher should feel free to adjust this plan to meet the individual needs of the student(s). Previous LEAP student test results or printouts may also be helpful in course planning.

Each 45-minute lesson should consist of a brief introduction/overview of the chapter(s), a few teacher-led examples, time helping the students complete the Chapter Review(s), and the balance of the time spent reviewing the Chapter Review questions. Again, this is a very efficient, fast-paced plan.

Based on the results of the Diagnostic Test, you could consider skipping chapters where there seems to be a general understanding of the concepts covered in that chapter. Some chapters will require more emphasis than others depending on the level of understanding of your students.

This plan is correlated to the book, *Passing the LEAP 21 GEE in English Language Arts* from the American Book Company.
